CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

**ASSEMBLY BILL**

**No. 812**

---

**Introduced by Assembly Member Mitchell**

February 21, 2013

---

An act to amend Sections 8257, 8402, 8403, 8406.6, 8406.7, 8406.9, 8407, and 8408 of the Education Code, relating to child care.

LEGISLATIVE COUNSEL’S DIGEST

AB 812, as amended, Mitchell. Child care: contracts: termination and suspension.

*(1) Existing law requires the State Department of Education to apply sanctions against contracting agencies that have serious licensing violations, as defined and reported by the State Department of Social Services and provide 90 days’ written notification to any contractor whose agreement is being terminated, unless there is imminent danger to the health and welfare of children if agency operation is not terminated promptly.*

*This bill would require a 90-day written notification as specified, except in the case of certain immediate terminations.*

(1)

(2) Existing law requires the ~~State Department of Education~~ department to provide an independent appeal procedure in certain instances, including, but not limited to, contract termination or suspension, to each contracting agency providing specified child care and development services. ~~Existing law requires the contracting agency to have submitted all previously required standard monthly or quarterly reporting forms before filing an appeal petition.~~

This bill would repeal the requirement that the department provide an independent appeal procedure, as described above, in the instance of contract suspension. ~~The bill would also repeal the requirement that the contracting agency submit all previously required standard monthly or quarterly reporting forms before filing an appeal petition.~~

(2)

(3) Existing law requires the Superintendent of Public Instruction to establish a contract classification system with 3 classes of contract designations; a clear contract, a provisional contract, and a conditional contract, as specified.

This bill would revise the 3 classes of contract designations, as specified.

(3)

(4) Existing law authorizes any contracting agency that evidences chronic fiscal or program violations of a felony nature, as specified, to have its contract immediately suspended or terminated provided there is documented evidence of the violations and upon review and recommendation of the general counsel of the department.

This bill would instead authorize a contracting agency that evidences any specified acts or omissions to have its contract or contracts immediately terminated provided there is documented evidence of the acts or omission and upon review and recommendation of the general counsel of the state department. The bill would add additional acts or omissions, as described, that may result in immediate termination of an agency's contract or contracts and require the notice of immediate termination of a contract to be served in a specified manner.

(4)

(5) Existing law authorizes a contracting agency that places a person in a position of fiscal responsibility or control who has been convicted of certain crimes to have its contract immediately suspended or terminated if there is documented evidence of the conviction and upon review and recommendation of the general counsel of the department. Existing law authorizes a contracting agency whose contract is terminated for the reasons described above to appeal the contract termination, and require the contract termination to occur after notice, as specified, is provided at least 90 days before termination.

This bill would instead authorize a contracting agency that places a person in a position of fiscal responsibility or control who has been convicted of a crime involving misuse or misappropriation of state or federal funds, or a state or federal crime involving moral turpitude, to

have its contract immediately terminated if there is documented evidence of the conviction and upon review and recommendation of the general counsel of the department. The bill would repeal the authority of a contracting agency whose contract is terminated for the reasons described above to appeal the contract termination, and the requirement that this termination occur after notice, as specified, is provided at least 90 days before termination.

(5)

(6) Existing law authorizes local contracting agencies to continue to operate under their contract during an appeal of termination, unless the specified action is based on imminent danger to the health and welfare of children. Existing law requires, if the contract is being terminated based on imminent danger to the health and welfare of children, the reason for the termination to be specified by the department in its notice of termination.

This bill would instead authorize local contracting agencies to continue to operate under their contract during an appeal of termination, unless the action is an immediate termination action, as specified, in which case a local contracting agency would not be authorized to continue to operate under the contract after the effective date given in the notice of immediate termination.

This bill would make conforming and nonsubstantive changes to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
